I am one of a team of nurses who work from the Public Health Centre based at Wanganui Hospital. I provide free support, advice and referrals where appropriate, with any health related concerns that parents, caregivers, teachers may have for the children in their care.

These include: new entrant assessments, growth and development, puberty issues, nutrition concerns, bedwetting and soiling, advocacy and support, Health Camp referrals, immunisation information, child abuse issues, health promotion activities and any other issues/concerns you may have.

I can be contacted at the Public Health Centre on 348 3343 or 027 3344 285. You can also leave a message for me at the school office, if your concern can wait until my next visit to school.
